About this edition

Headquarters Information: Madrid

An updated public reference linked to the authoritative live website.

This revised reference explains the Council's public operating approach as of 4 November 2026. It is not a legal amendment, appointment instrument, government accreditation, audit certification, or a replacement for an independently authenticated source. Earlier digitally signed files remain available as historical editions.

SECTION 01

Institutional headquarters

Madrid is the Council's registered headquarters location in Spain as represented in MYCDIC public institutional information. The published reference describes organisational responsibility, not an invitation to arrive without an appointment.

- Headquarters-related correspondence should use verified official communication channels.
- Published addresses and contacts should be confirmed against the live headquarters page.
- Country representations abroad do not constitute diplomatic premises.

SECTION 02

Headquarters responsibilities

The central structure provides institutional continuity, governance coordination and oversight of controlled public documents.

- Coordinate with the General Secretariat on official records.
- Apply authorised document signing and publication procedures.
- Route external proposals to the competent office.

Document control and use
