About this edition

International Office

Regional coordination, international partnerships and representations.

This revised reference explains the Council's public operating approach as of 4 November 2026. It is not a legal amendment, appointment instrument, government accreditation, audit certification, or a replacement for an independently authenticated source. Earlier digitally signed files remain available as historical editions.

SECTION 01

Mandate and institutional position

The International Office coordinates MYCDIC’s global representation network, continental affairs and international cooperation. It supervises country representations, supports international partnerships, maintains regional coherence and follows the implementation of the Council’s global institutional programme.

- The published remit is a functional description, not a delegation of public authority.
- A named officeholder is displayed only when the underlying member record and publication setting permit it.
- The Office Registry remains the source for current hierarchy and reporting lines.

SECTION 02

Reporting and collaboration

Work is coordinated through documented institutional channels. Different offices collaborate on activities within their designated responsibilities and should not duplicate authority or private records.

- Record the responsible office before launching an external activity.
- Escalate exceptional decisions to the appropriate authorising function.
- Maintain a traceable decision and follow-up record.

SECTION 03

Operational departments

The current public Office Registry lists the following connected departments. Their presence here reflects the publication snapshot; the live organizational chart may change when authorised administrators update the registry.

- Continental & Regional Affairs: Coordinates continental and regional structures connected to the International Office.
- Country Representations: Coordinates the public network of approved country representations.
- International Partnerships & Cooperation: Supports international partnerships and cross-border institutional cooperation.
- International Programmes: Coordinates cross-border programmes, delegations and international project delivery.
- Youth Ambassadors & Representation Standards: Supports Youth Ambassador mandates, representation standards and public-role clarity.
- Reporting & Performance: Supports reporting, performance follow-up and evidence collection across international structures.
- European Affairs: Coordinates MYCDIC institutional engagement, public representation support and cooperation across Europe.

SECTION 04

Public accountability

A clear organisation chart should be useful to the public without exposing internal security controls or unpublished personal information.

- Publish accurate summaries and authorised role holders.
- Keep historical organisational editions available after substantial revisions.
- Provide a route for correcting obsolete or inaccurate public information.

SECTION 05

Document governance

This document is a public reference edition for navigation and understanding. Current offices and appointments must be checked against the live Council directories.

- The related webpage is the source for live presentation.
- Prior verified PDF editions remain unmodified as archival files.
- The new edition is not an automatic legal amendment to bylaws or appointments.
