About this edition

National Office

Morocco-based activity, representation and programmes.

This revised reference explains the Council's public operating approach as of 4 November 2026. It is not a legal amendment, appointment instrument, government accreditation, audit certification, or a replacement for an independently authenticated source. Earlier digitally signed files remain available as historical editions.

SECTION 01

Mandate and institutional position

The National Office coordinates MYCDIC’s engagement with Moroccan institutions, partners, youth stakeholders and national programmes. It connects the Presidency with national structures, supervises approved Moroccan initiatives and supports coherent institutional positioning throughout the Kingdom.

- The published remit is a functional description, not a delegation of public authority.
- A named officeholder is displayed only when the underlying member record and publication setting permit it.
- The Office Registry remains the source for current hierarchy and reporting lines.

SECTION 02

Reporting and collaboration

Work is coordinated through documented institutional channels. Different offices collaborate on activities within their designated responsibilities and should not duplicate authority or private records.

- Record the responsible office before launching an external activity.
- Escalate exceptional decisions to the appropriate authorising function.
- Maintain a traceable decision and follow-up record.

SECTION 03

Operational departments

The current public Office Registry lists the following connected departments. Their presence here reflects the publication snapshot; the live organizational chart may change when authorised administrators update the registry.

- Legal Affairs: Supports legal review, institutional compliance and document analysis within the National Office.

- Institutional Relations: Coordinates approved engagement with Moroccan institutions and national stakeholders.
- Programmes & Youth Engagement: Supports national programmes, youth initiatives and participant engagement.
- Partnerships & Institutional Cooperation: Supports national partnership development and cooperation records.
- Media & Strategic Communication: Supports public communication, media coordination and approved national messaging.
- Protocol & Public Relations: Supports protocol, official visits, public relations and event-facing coordination.
- Administration & Member Affairs: Supports National Office administration and member-related operational follow-up.
- Research, Studies & Reports: Supports research, analytical notes, institutional reporting and evidence-led public outputs.
- Logistics & Events: Supports event logistics, operational planning and delivery across Morocco.

SECTION 04

Public accountability

A clear organisation chart should be useful to the public without exposing internal security controls or unpublished personal information.

- Publish accurate summaries and authorised role holders.
- Keep historical organisational editions available after substantial revisions.
- Provide a route for correcting obsolete or inaccurate public information.

SECTION 05

Document governance

This document is a public reference edition for navigation and understanding. Current offices and appointments must be checked against the live Council directories.

- The related webpage is the source for live presentation.
- Prior verified PDF editions remain unmodified as archival files.
- The new edition is not an automatic legal amendment to bylaws or appointments.
